DETAILED ACTION

Reason for allowance

1. The following is an examiner's statement of reason for allowance: None of the references of record teaches or suggests a method of manufacturing a bipolar transistor in which the emitter region comprising a layer of a first semiconductor material, characterized in that the intrinsic carrier concentration of the second semiconductor material exceeds the intrinsic carrier concentration of the first semiconductor, the second semiconductor layer is situated outside the depletion region, and the second semiconductor layer is doped such that Auger recombination occurs.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
